Re: 04-233

To whom it May Concern:

We are writing this letter to express our feelings about K-Love radio station and our dismay that there is a possibility of LPFM stations being allowed to take priority over current FM translator services such as K-Love. We have been listeners of K-Love for approximately 6 years and financial supporters for 4 of those 6 years. As residents of the local community, we find that K-Love is one of the few positive sources of music and information on the airways. We listen to K-Love everyday and it helps us keep a positive and patient attitude especially when commuting to and from work. Our jobs take one of us 36 miles roundtrip and the other 64 miles roundtrip each day. We hear about all the horrors of road rage going on in the world today and believe that it is safe to say there would be a whole lot less of this if more motorists were tuned into K-Love. It's difficult to get and stay angry with the person in the next car that just cut you off when the people on the radio are talking about God, love and forgiveness.

We believe it would be a great disservice to the community if these LPFM stations were given priority over listener-supported stations such as K-Love. If K-Love's signal were interrupted or compromised, this community would have a tough time finding the kind of wholesome programming that K-Love brings to it's listeners. Not only is the music on K-Love uplifting and moral, but also the news broadcasting, contests, interviews and commentaries bring love and peace to the forefront of the stage. A community that has this type of influence on its airways must surely reap many positive benefits from such a great radio station. Likewise what a great loss it would be to not have radio stations like K-Love in the community.

Please do not allow these LPFM stations to compromise K-Loves ability to serve the public.

Thank You,

Robert and Debra Keil
